SECTION 2 — DETAILED CLAIM REGISTER

Total Reported Claims: 2 | 5-Year Combined Net Incurred: $72,400.00 | Open Claims: 0

Claim 1 of 2 | Policy Year 2022–23 | Water Damage	
Claim Number	LSI-2022-CP-W04471
Location	Main Hotel Tower – 8th Floor Guest Corridor
Address	2900 Biscayne Boulevard, Miami, FL 33137
Date of Loss	June 14, 2022
Date Reported	June 15, 2022
Line of Business	Commercial Property – Building & Contents
Cause of Loss	Water Damage – Domestic supply line compression fitting failure (cold water supply, 8th floor wet wall)
Loss Description	A compression fitting on a cold water supply line in an 8th floor guest corridor wet wall failed, causing water intrusion to three adjacent guest rooms and a section of the 7th-floor corridor ceiling. Remediation included water extraction, structural drying, drywall replacement, flooring repair in two rooms, and carpet replacement in the affected corridor section. Management authorized a precautionary inspection of all copper compression fittings on floors 6–12; no further deficiencies were identified.
Gross Incurred	$41,800.00
Deductible Applied	$10,000.00
Net Paid (Carrier)	$31,800.00
Reserve (Outstanding)	$0.00
Total Incurred (Net)	$41,800.00
Status	CLOSED – Q3 2022 | No subrogation pursued | No reopening activity
Adjuster / TPA	McLarens – Ref. MCL-MIA-2206-3814
Litigation	None
BI Invoked	No

Claim 2 of 2 | Policy Year 2023–24 | Wind-Driven Rain	
Claim Number	LSI-2023-CP-W07865
Location	Rooftop Pool Deck & Cabana Structures (Loc 004)
Address	2900 Biscayne Boulevard, Miami, FL 33137
Date of Loss	September 28, 2023
Date Reported	September 29, 2023
Line of Business	Commercial Property – Building & Contents
Cause of Loss	Wind-Driven Rain – Tropical Storm Idalia (peripheral activity); roof flashing failure at pool deck cabana structures
Loss Description	Peripheral tropical storm activity from Tropical Storm Idalia produced sustained winds of approximately 52 mph at the property, causing wind-driven rain infiltration through a legacy flashing condition at the rooftop pool deck cabana structures. Affected areas included two cabana interior ceiling panels, lighting fixtures, and a portion of the teak deck surface. The flashing deficiency was a pre-existing condition from original construction; the 2023 renovation program (already underway at the time of loss) incorporated full flashing replacement as part of its scope.
Gross Incurred	$30,600.00
Deductible Applied	$10,000.00

Net Paid (Carrier)	$20,600.00
Reserve (Outstanding)	$0.00
Total Incurred (Net)	$30,600.00
Status	CLOSED – Q4 2023 | No subrogation pursued | No reopening activity
Adjuster / TPA	McLarens – Ref. MCL-MIA-2309-5932
Litigation	None
BI Invoked	No
